

KEY METAL AND MINERAL PROCESSING FACILITIES 2026

Steel and ferroalloys

Ferrochrome

Steel

Base metals

Copper and nickel (smelter)

Copper smelting, casting and hot rolling

Nickel (refinery)

Zinc (smelter)

Battery materials

Nickel-cobalt sulphate

Cobalt chemicals

Lithium hydroxide

Industrial mineral products

Fertilisers

Carbonate products

Stone wool products

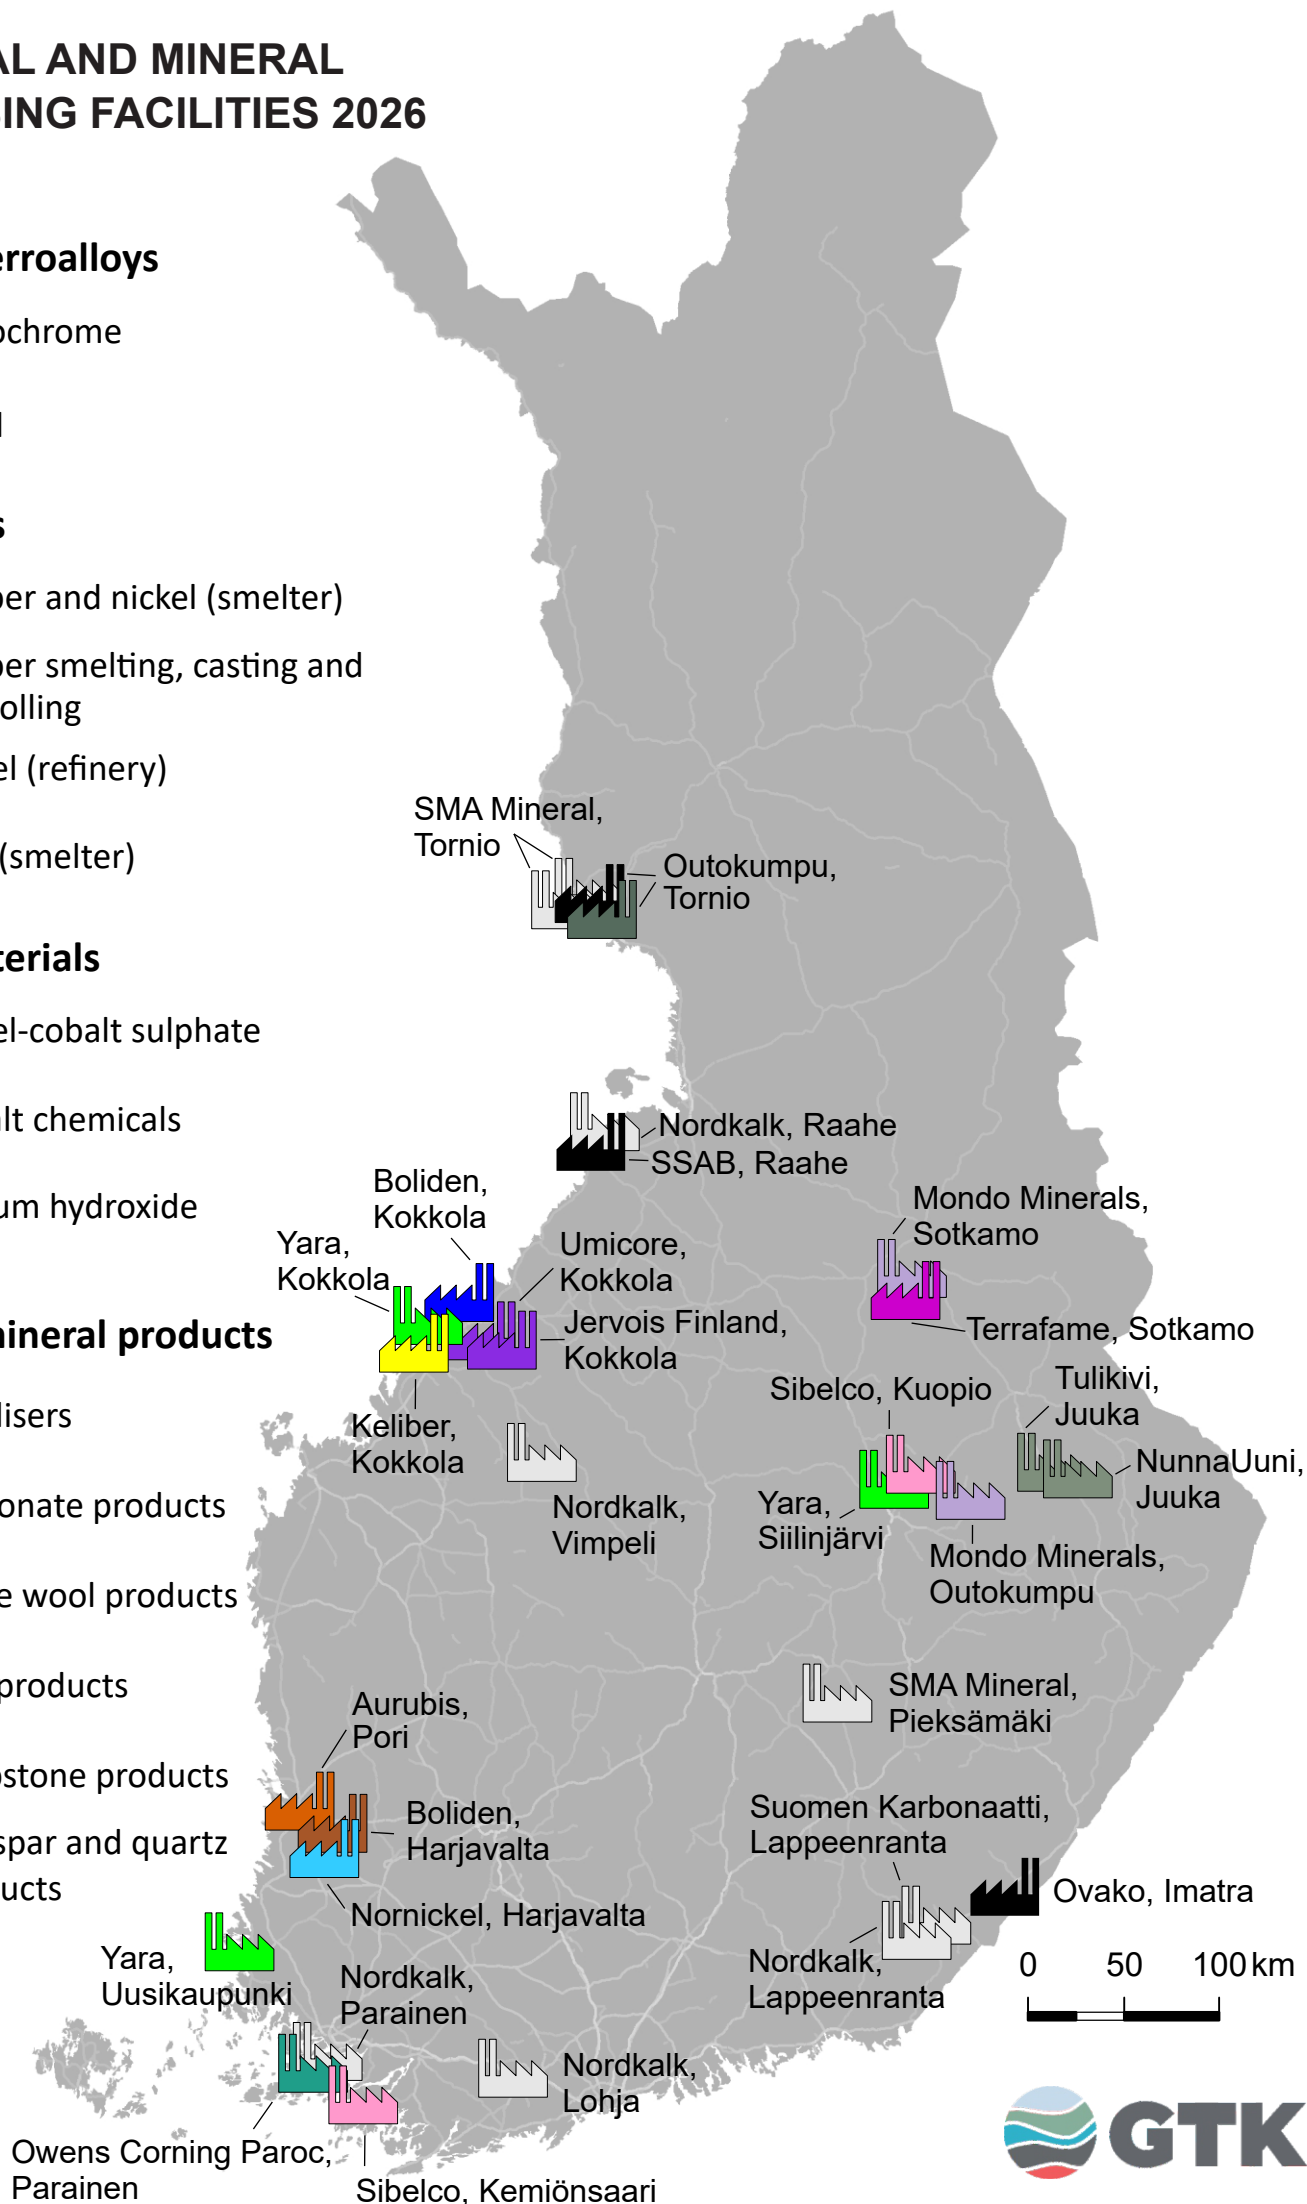

Talc products

Soapstone products

Feldspar and quartz products

0 50 100 km
